

Descriptions

Human Life Advancement Foundation (HLAF) strives to be an innovative institution responsive to the needs of the society for innovations, knowledge and technology by supporting fruitful interaction between firms, academia and public sector. We are delighted to announce that HLAF is offering grants for Post doctorate researchers in science and technology-based research.

Researchers from the educational institutions, Center of Excellence and research lab are invited to apply for the Human Life Advancement Foundation Grant scheme and send the research proposal to scholarship@hlaf.org.my. HLAF looks into an innovative research project that has a commercial value and the research project proposed must not receive any funding from other agency. Agreement document will be signed between HLAF and the Institution for the proposed research project.

HLAF will only provide funding support (stipend) for the post-doctoral researchers in the project.

Application Duration

Application for the HLAF grants opens all year round.

Application Medium

Kindly email and send the research proposal to scholarship@hlaf.org.my

Preferred Discipline for Scholarship

Any field of research study related to science, engineering, innovation and technology..

Eligibility Requirements of Post-Doctoral Researcher

- Nationality : Unrestricted
- Gender : Unrestricted

Term & Conditions

1. HLAF Grants only cover the stipend for the Post doctorate researchers in the research project only.
2. This research grant is to be utilized in accordance with the proposed use of the research grant as stated in the application form only. The recipient's university/institution is responsible for all financial transactions pertaining thereto.
3. The grant should be fully utilized according to the approved schedule. Any unused balance of the awarded amount will have to be refunded to the Foundation upon completion of the research or expiry of the approved schedule, whichever is earlier.
4. Prior written approval of the Foundation must be obtained for any extension to the scheduled completion of the project
5. The recipient is required to complete and sign the General Grant Conditions that stipulate the general terms and conditions of the grant.
6. Each year thereafter and until the research is concluded, each recipient of the Grant is required to submit an annual report, together with the up-to-date account of disbursement and utilization of funds, jointly certified by the University/Institution and the recipient. The annual report, covering January to December of a particular year should reach the Foundation by mid-March of the following year. Upon conclusion of the whole project, a final report and the statement of account must be submitted to the Foundation within three (3) months from the date of such conclusion.
7. At the conclusion of the project, the recipient may be required to present his/her research work/paper at the Research Report Sessions that will be arranged by HLAF from time to time.
